

YOU ARE **PILLARS IN THE LONGLEAF COMMUNITY**

Each year, the bar is raised, and each year through grit, teamwork, and unwavering commitment, collective successes are achieved in the restoration, stewardship, and conservation of the longleaf pine ecosystem. The Longleaf Alliance allocated 87% of its income to programs and services in 2022 because of your thoughtful contributions. Once again, you have shown that we are stronger together and will achieve the dream of a restored and viable working longleaf landscape for future generations.

Thank you for remaining steadfast in your support so TLA can effectively put your donor dollars into action.

*These donors have designated all or a portion of their contribution to The Logleaf Alliance Endowment.

“Our love of trees and being good stewards of the environment is a passion that has always connected us with the longleaf pine ecosystem. As we now look at the future with our daughter, we want to make sure this incredibly rich and diverse ecosystem is preserved and protected for future generation to enjoy. That’s why we are passionate about supporting The Logleaf Alliance and what they do to enhance, restore, and protect our longleaf pine forests.”

Patrick & Emma of North Carolina
