

SUPPORT THE ALLIANCE

By Lynnsey Basala, *The Longleaf Alliance*

## You Are Fueling Meaningful Change

Membership support is our lifeblood, keeping everything in motion. Without it, we would be unable to grow awareness, increase engagement, and foster a love for longleaf across its range; share information through education, outreach, and technical assistance; improve habitat via active stewardship by our teams; conserve existing diverse forests; and restore new longleaf acres.

Our supporters and conservation partners enable our highly skilled staff to develop and expand programs and services, network with like-minded individuals and groups, fund longleaf research, and offer a sense of belonging and solidarity for those with an affinity for the natural world. Our high supporter retention shows just how serious you are about this iconic forest.

We are in this together,  
and we thank you.

## 2025 Supporters

For 30 years, The Longleaf Alliance has effectively put donor dollars into action.

In fiscal year 2024-25, we allocated 92% of income to programs and services, helping to ensure a sustainable future for longleaf.

This list of our 2025 Conservation Partners contains those who contributed monetary or in-kind goods between October 1, 2024, and October 1, 2025.

Every single donation received, regardless of the amount, was accepted with gratitude and enthusiasm.
